XUNO Family App User Guide

Hi there,

XUNO Family is an app that will help make communication with the school quick and easy - giving you access to a wealth of information, without having to sit at a computer.

To log in, follow these steps:

1. Visit the App store or Play store and search for XUNO Family

2. Open the app

3. If asked, please allow push notifications for the most convenient experience with the app

4. Search for your school by typing the first few letters and then selecting your school from the list that appears.

The image shows a screenshot of the XUNO Family app login screen. At the top, it says 'LOG IN' in blue. Below that are four input fields: 'School Name (Min. 3 Chars)', 'Username', 'Password', and a field with an eye icon. There are two buttons: a blue 'LOG IN' button and a grey 'CANCEL' button. At the bottom, there is a link that says 'Having problems logging in?' in blue.

If you have forgotten your password or username, you'll need to head to your school's Xuno website to reset it. If you're not sure what the web address is, please contact your school or look for an email from Xuno which may have the address in it. The web address usually includes your school's name.

For example: <https://schoolname.xuno.com.au> - or - <https://xuno.schoolname.vic.edu.au>
